Delivered via email at [hq.foia@epa.gov](mailto:hq.foia@epa.gov) and sent by mail on August 26, 2015.

To Whom It May Concern:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am seeking all correspondence, notes of telephone calls, electronic messages, transcripts, minutes and notes of meetings and/or other memorializations of contact related to the deliberations concerning the target for emissions reductions used in the Clean Power Plan. Specifically, I am seeking these sources in relation to the decision to use 2005 as the baseline year for the reductions as well as the decision to set an initial 30 percent reduction from 2005 target or goal and the decision to revise that goal to 32 percent.

I am requesting these records as a representative of Food & Water Watch, a non-profit consumer advocacy organization. I request a waiver of fees because my interest in the records is not primarily commercial, and disclosure of the information will contribute significantly to public understanding by revealing the manner in which the determinations of the report were arrived. Food & Water Watch will analyze this information and the derived analysis will be widely distributed to the public.

I will expect a response within 20 working days as provided by law. If my request is denied in whole or in part, I expect a detailed justification for withholding the records. I also request any segregable portions that are not exempt to be disclosed.

Thank you for your prompt attention to this matter. Please contact me at 410-394-7651 or [mjones@fwwatch.org](mailto:mjones@fwwatch.org)

Sincerely,

Mitch Jones  
Senior Policy Advocate
